

The Smart Sorter is an ideal container for centralized recycling stations. They fit neatly against a wall or can fit back to back making a perfect island of recycling containers. The lid and label system creates a clean sort of recyclables, ensuring the right recyclables go in the right place. They are perfect for offices, lunch rooms, cafeterias, shopping malls or any high traffic areas.

Features:

- A variety of openings that are color coded to promote proper separation
- Convenient size and shape make this the ideal container for tight spaces
- Clearly marked openings and labels creates maximum diversion of recyclables.
- Available in a bank of containers for a complete separation of recyclables and waste.

MADE WITH A MINIMUM
35% RECYCLED CONTENT
