Features & Benefits

The Recycle Pro Half Round, indoor/outdoor, low profile, space saving recycling receptacles are the product of choice for use against walls and partitions anywhere. Finely crafted in the U.S.A. these durable, all metal, half round, fire-safe units feature a full width piano hinged cover and rustproof aluminum bottoms.

- Space saving low profile design fits anywhere
- Sophisticated upscale design
- Floor standing design with wall mounting option
- ADA compliant
- Durable piano hinged lid for easy access
- Constructed for indoor or outdoor use
- Choice of silk screened messages
- Includes plastic liner or optional galvanized liner (fire retardant)
- Choose your own finish combination for lid and body
- Optional decorative contrasting metal bands available

Logos & Wording

There is no need to "apply a decal" which may eventually peel, curl, and fall off. All RecyclePro receptacles are permanently silk-screened with your choice of standard messages for each opening. Please specify your message for each opening.
