# METRO COLLECTION XL

## SINGLE STREAM

The Metro Collection XL Single Stream's clean lines and quality construction merge to create a recycling receptacle that is as **visually stunning as it is functional**. Ideal for any indoor area, including Atriums, Lobbies, Corridors / Hallways & Office Areas.

This complete recycling bin includes an **easily interchangeable top; allowing for ergonomic maintenance**. The single stream top can be configured with a commingle or square opening, finished with a fingerprint proof EXL-Coat™ powder coat. With **4 heavy-duty feet**, the unit is slightly elevated to allow for air circulation and help **restrict mold and mildew growth and discoloration from "mop around" rings**. The **rigid liner meets UL94 Flammability Standard**.

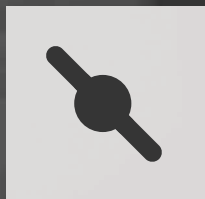

A transfer decal kit is included with a plastic squeegee for quick and easy application.
