# CHAMPS ELYSEES

## RECTANGULAR DOUBLE STREAM

The Champs Elysees Rectangular Recycling Bin is named after the famous street in Paris, France; known for its luxurious atmosphere, the same elegance defined in this containers' design. Featuring a **seamless solid 304 grade stainless steel top, stylish corner guards, toe kick and vertical accents**, the Champs Elysees Rectangular Double Stream not only looks great in any indoor design, it is built to last. This receptacle is also available in square configuration.

Customize the Champs the look & feel for any interior architectural space. Choose from many laminate finishes to match your décor. Also, customize this container with a choice of unique metals: copper, brass, bronze. Non-directional, directional, polished or antique finishes are available for each.

The removable top allows for easy emptying for both waste streams. Each waste stream features a **fully enclosed rigid fiberglass liner**, keeping any spills of organics, waste or recyclables intact.
