FP-PTST-TP-R-01

FP - Fastener Pack

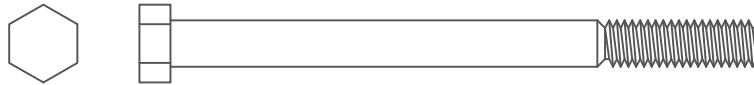

(1) - One Fastener Pack
FP-PTST8-CU-01

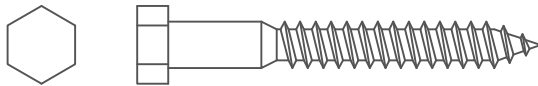

(3) - Three Left Legs
FP-PTST-TP-L-01

Before assembly, please check to make sure all fasteners are included.

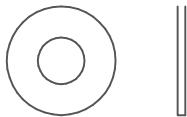

12 - 3/8" x 5" Hex Head Bolt

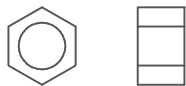

12 - 3/8" x 4" Hex Head Lag Bolt

36 - 3/8" Flat Washer

12 - 3/8" Nylon Lock Nut

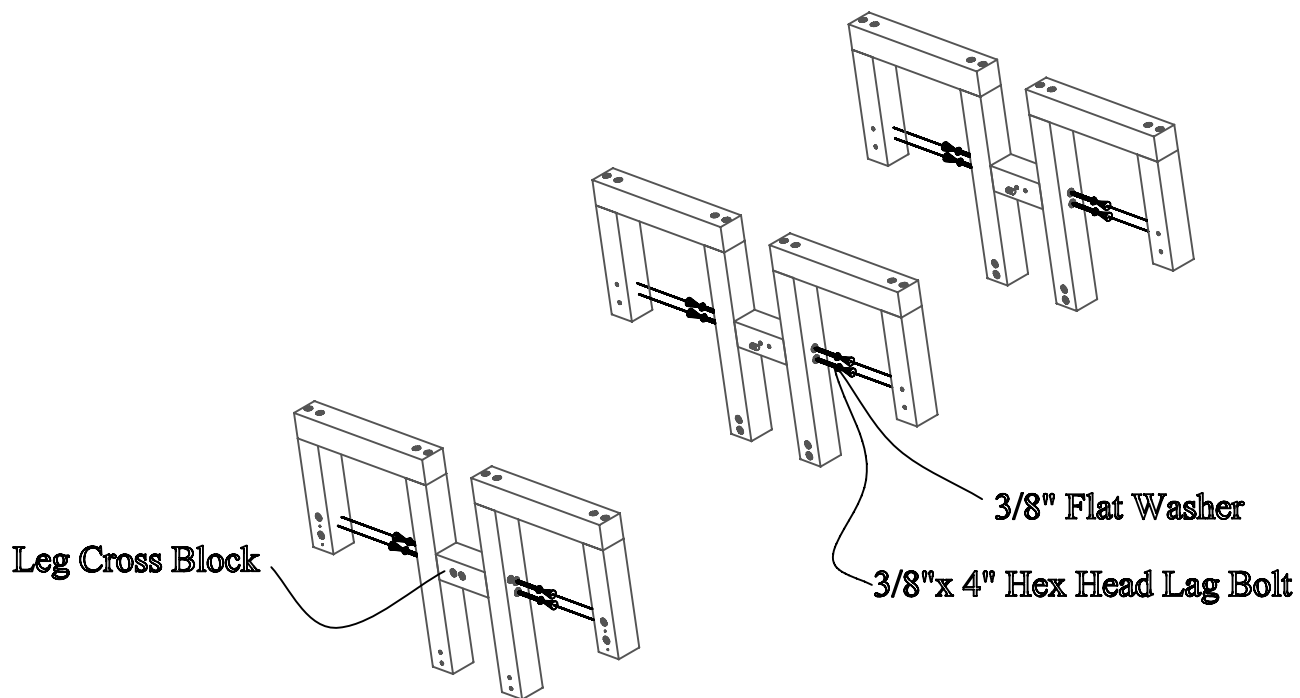

24 - #12 x 3" Flat Head Phillips Screw

Also needed for this assembly will be the following materials:

1 - #3 Phillips Drive Bit

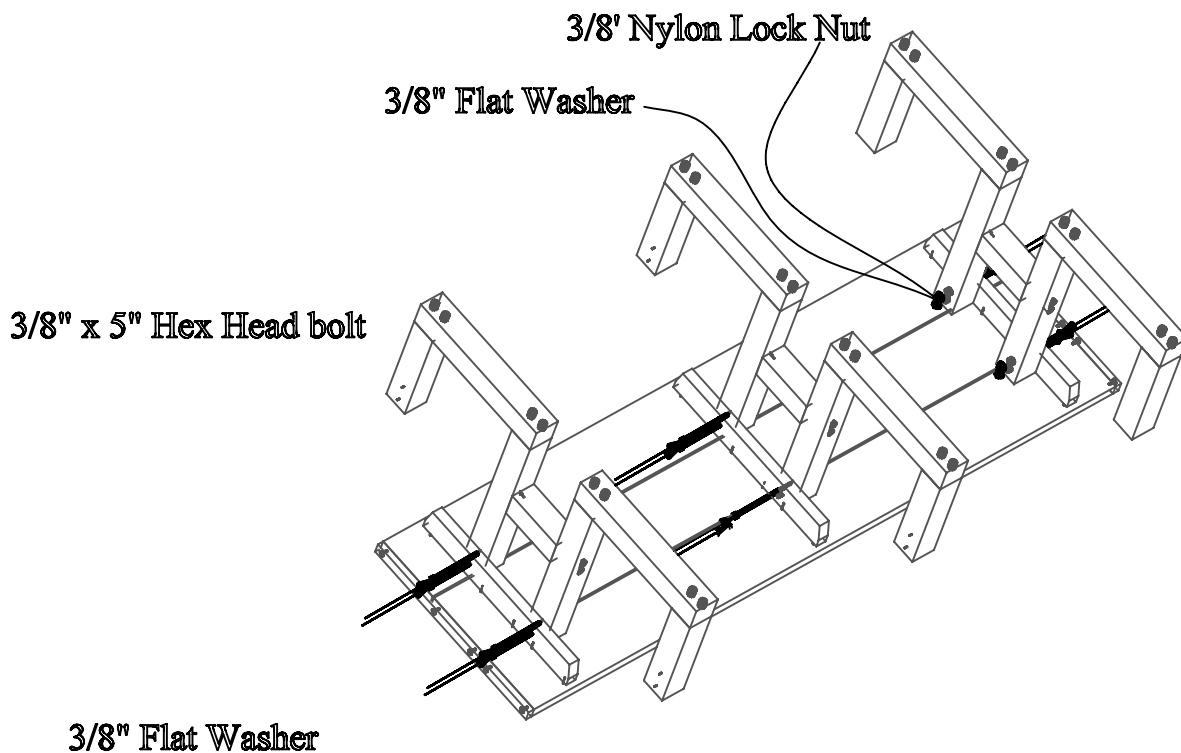

2 - 9/16" Socket Wrench

Step #1:

While legs are placed in the proper configuration place a leg Cross Block between the two legs and align the holes, Insert (1)- one 3/8" x 4" Hex Head with (1)- one 3/8" Flat Washer per hole.

Note: Do not tighten bolts completely. This will be done in a later step.

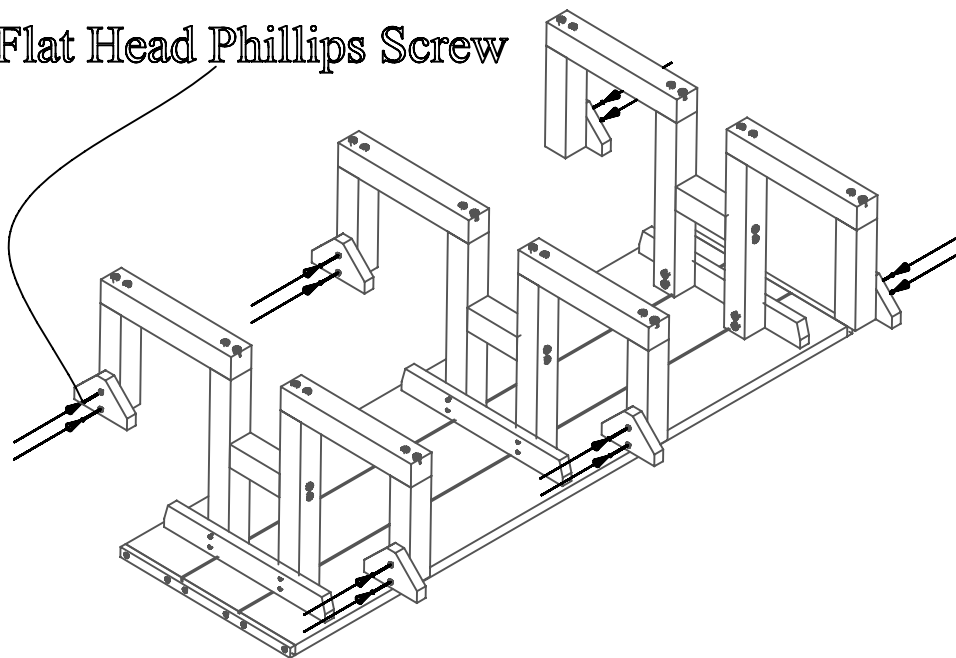

Step #2:

While the table top is upside-down, fasten the legs to the under top supports being sure that the counter bores are pointing toward the center of the table as shown above. Use (1) One 3/8" x 5" Hex Head Bolt along with (1) One 3/8" Flat Washer and (1) 3/8" Nylon Lock Nut and (1) 3/8" Flat Washer per hole to secure.

Note: Do not tighten bolts completely. This will be done in a later step.

#12 x 3" Flat Head Phillips Screw

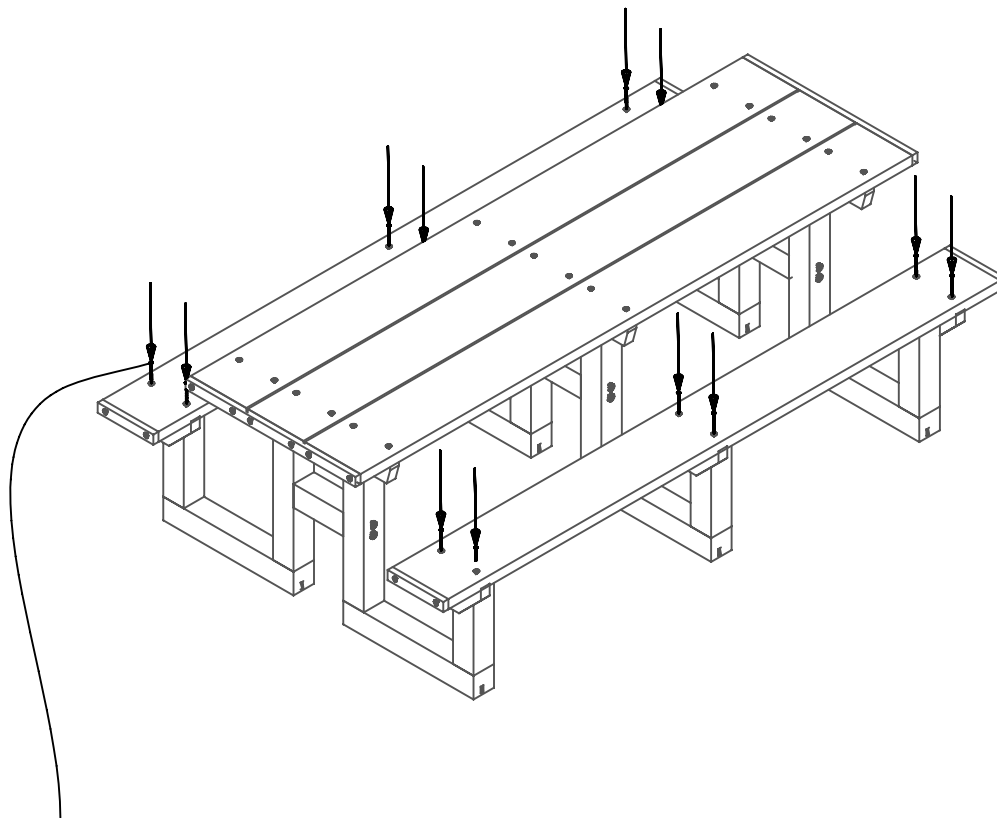

Step #3: While table is in the upside down position align the holes on the seat supports with the pre drilled holes in the leg and screw a #12x 3" phillips head screw tight.

Note: Do not tighten bolts completely. This will be done in a later step.

Note: Be sure to tighten all loose bolts after this step is complete.

Step #4:

Flip the table upright onto the legs. Please take caution while flipping the table. At this point in assembly the table weighs approximately 260 Pounds.

#12 x 3" Flat Head Phillips Screw

Step #5:

While the table is upright fasten the seats to the seat cross supports being sure to center all holes over boards.

Use (1) One #12 x 3" Flat Head Phillips Screw per hole to secure.
