**Features & Benefits**

Looking for a compact receptacle with ample capacity? At 29 Gallons, the RecyclePro Half Round XL is ideal for any interior space with limited floor space. Finely crafted in the U.S.A. these durable, all metal, half round, fire-safe units feature a full width piano hinged cover and rustproof aluminum bottoms.

- Space saving low profile design fits anywhere
- Sophisticated upscale design
- Floor standing design with wall mounting option
- ADA compliant
- Durable piano hinged lid for easy access
- Constructed for indoor or outdoor use
- Choice of silk screened messages
- Includes plastic liner or optional galvanized liner (fire retardant)
- Choose your own finish combination for lid and body

**Logos & Wording**

There is no need to "apply a decal" which may eventually peel, curl, and fall off. All RecyclePro receptacles are permanently silk-screened with your choice of standard messages for each opening. Please specify your message for each opening.
