

303-3NL Wall Mount Waste Receptacle

Stainless steel type 304 no. 4 brushed finish

Specifications

Site Location: The 303 wall mounted waste receptacle is designed to conserve floor space in medium to light duty areas.

Materials:

All steel construction offers maximum fire protection with no openings on sides or bottom of unit. Tight sealing head and spring loaded door promote oxygen starvation.

When used with optional galvanized liner there is added insulative fire protection.

Comes with standard bag holder apparatus.

Capacity: 11 gal. (50 litres), shipping weight: 20 lbs. (9 kg.).

Recommended bag size: 26" x 36"

Installation: For barrier free mounting insure that centre of inlet door does not exceed 48" (120 cm) above floor level.
