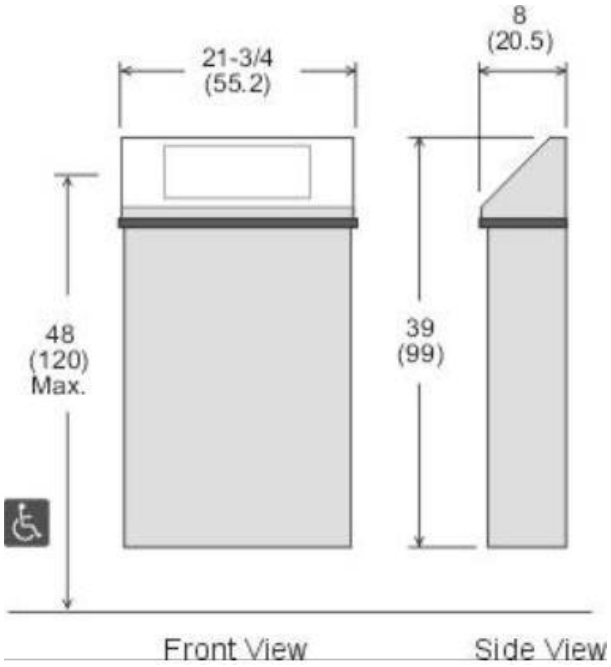
304-NLS Jumbo Wall Mount Waste Receptacle

Stainless steel type 304 no. 4 brushed finish



Specifications

Site location: The 304 wall mounted waste receptacle is designed to conserve floor space in medium to heavy traffic areas. Stainless steel construction offers added durability.
Features: Stainless steel construction offers maximum fire protection with no openings on sides or bottom of unit. Tight sealing head and spring loaded door promote oxygen starvation.
Materials: Double spring loaded door with full length piano hinge. Comes with standard bag holder apparatus. 20 ga. stainless steel type 304 body, 20 ga. Stainless steel head.
Capacity: 77 litres (17 gal.). Shipping weight: 12.2 kg (27 lbs.).
Installation: For barrier free mounting insure that centre of inlet door does not exceed 48" (120 cm) above floor level.
